

TOURING FOR ORGANIZED GROUPS

Dear Future Clients,

We would like to invite you to visit the Niewidzialna Ulica.

What is Invisible Street?

Niewidzialna Ulica is an unique, in which you get to experience an interactive exhibition, where the guides are visually impaired people. We are one of very few places like that in Poland, and the only one with a real tram vehicle inside. The darkness you get to experience at the Niewidzialna Ulica is something you can't experience on a daily basis. **The exhibition is available for everyone above the age of 7.**

A walk through Niewidzialna Ulica awakens great emotions, that'll engrave a mark in your minds for a long time. During an **educational lesson**, we will broach the subjects of discrimination, tolerance and empathy. Additionally, in the course of your visit, we offer **culinary or artistic workshops**, in which the main element is focusing on your other senses (hearing, touch, smell, and taste), during which the participants are able to create tyflographics among other things. For groups visiting Poznan, we offer **daylong touring program** with a discount, with places such as Muzeum Iluzji Nauki i Sztuki, Palmiarnia Poznańska and a ride in an antique tram (Bimba Poznańska).
